KIYOKO

KANEDA : Ivre de vengeance, il cherche à abattre Tetsuo. Grâce à Kay, il réussit à suivre la trace de son ancien ami.

TETSUO : Devenu le Numéro 41, il détient d'immenses pouvoirs surnaturels. Désireux de se mesurer à Akira, il veut à tout prix découvrir sa cache.

KIYOKO : Isolée par Le Colonel, avec d'autres mutants, elle pressent le danger que représente pour le monde Tetsuo et sa folie meurtrière.

LE PROFESSEUR : Eminence grise du projet Akira, il indique au Numéro 41 l'endroit où l'enfant-mutant est retenu.

LE COLONEL : Conscient du danger que représente pour l'équilibre du monde le réveil d'Akira, il envoie ses troupes combattre Tetsuo.

KAY : Elle libère Kaneda des geôles du Colonel et bénéficie de la protection de Kiyoko. Pour les mutants, elle représente le seul moyen de combattre Tetsuo.
