KARMA TANGI

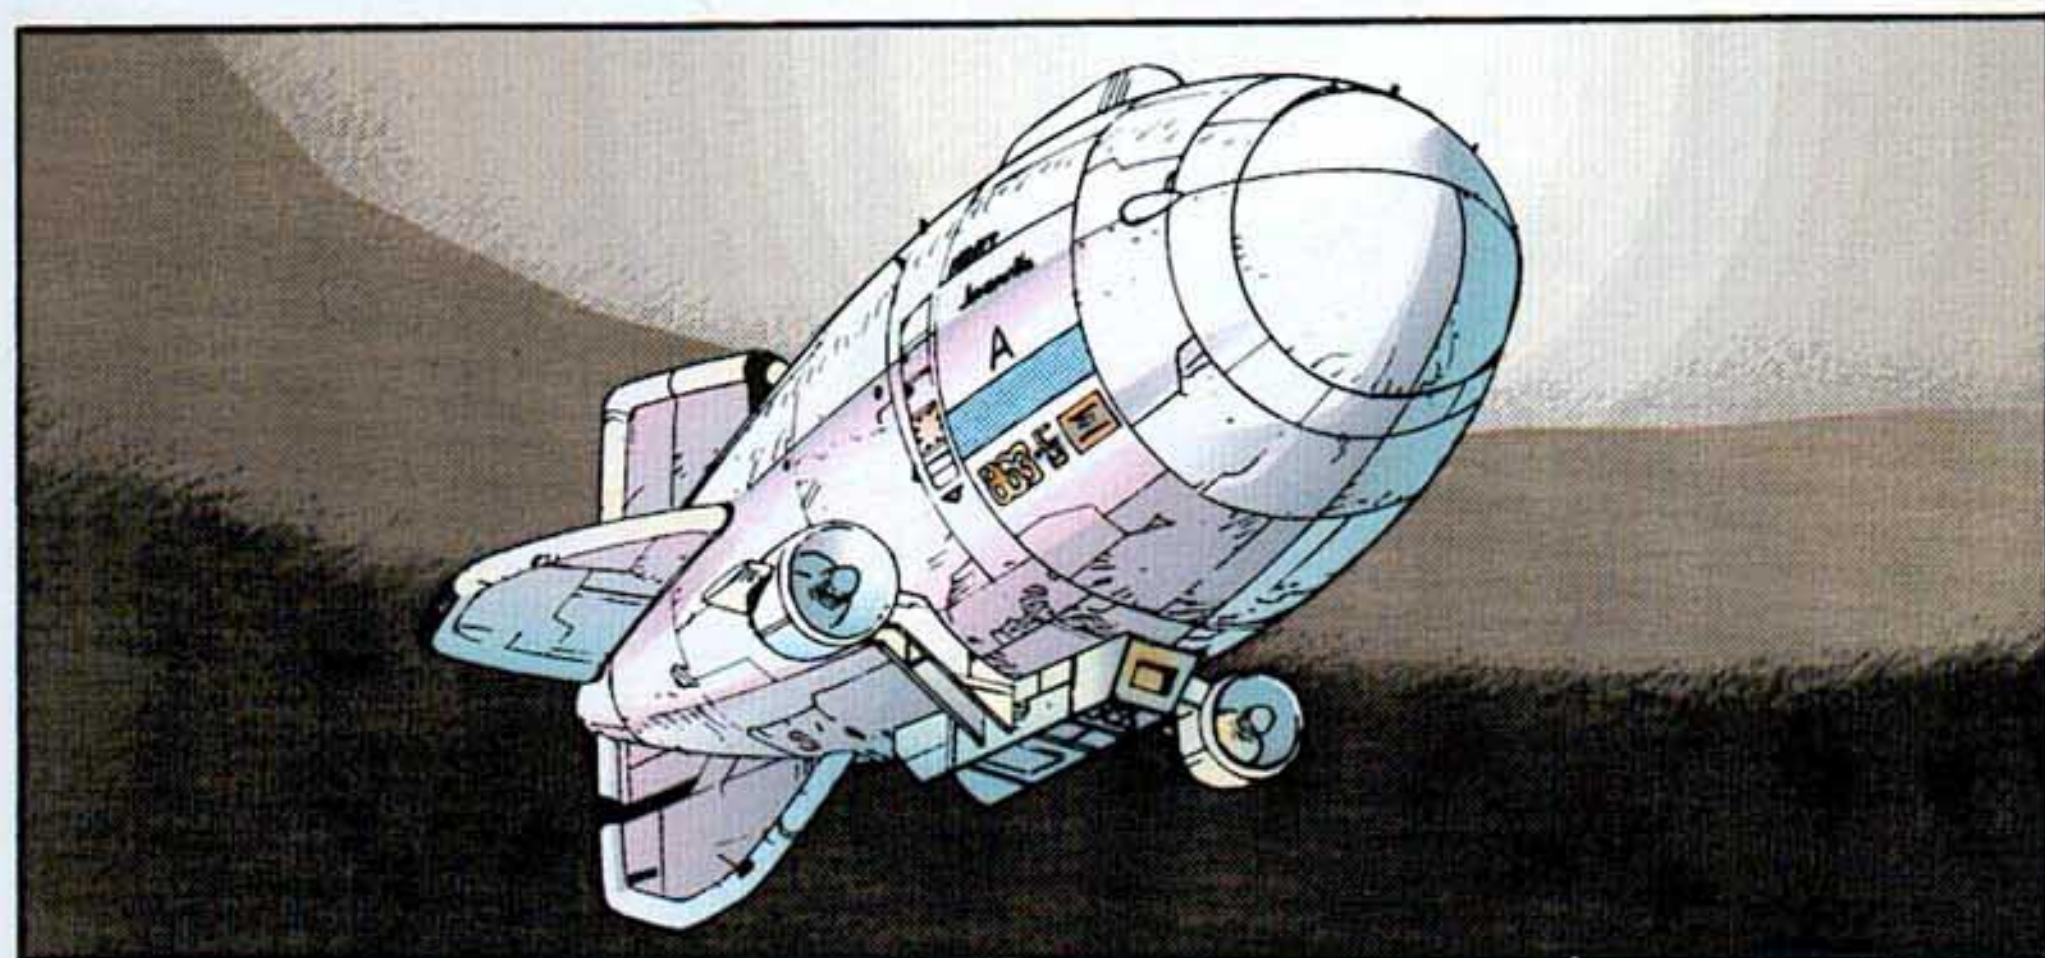

KAY

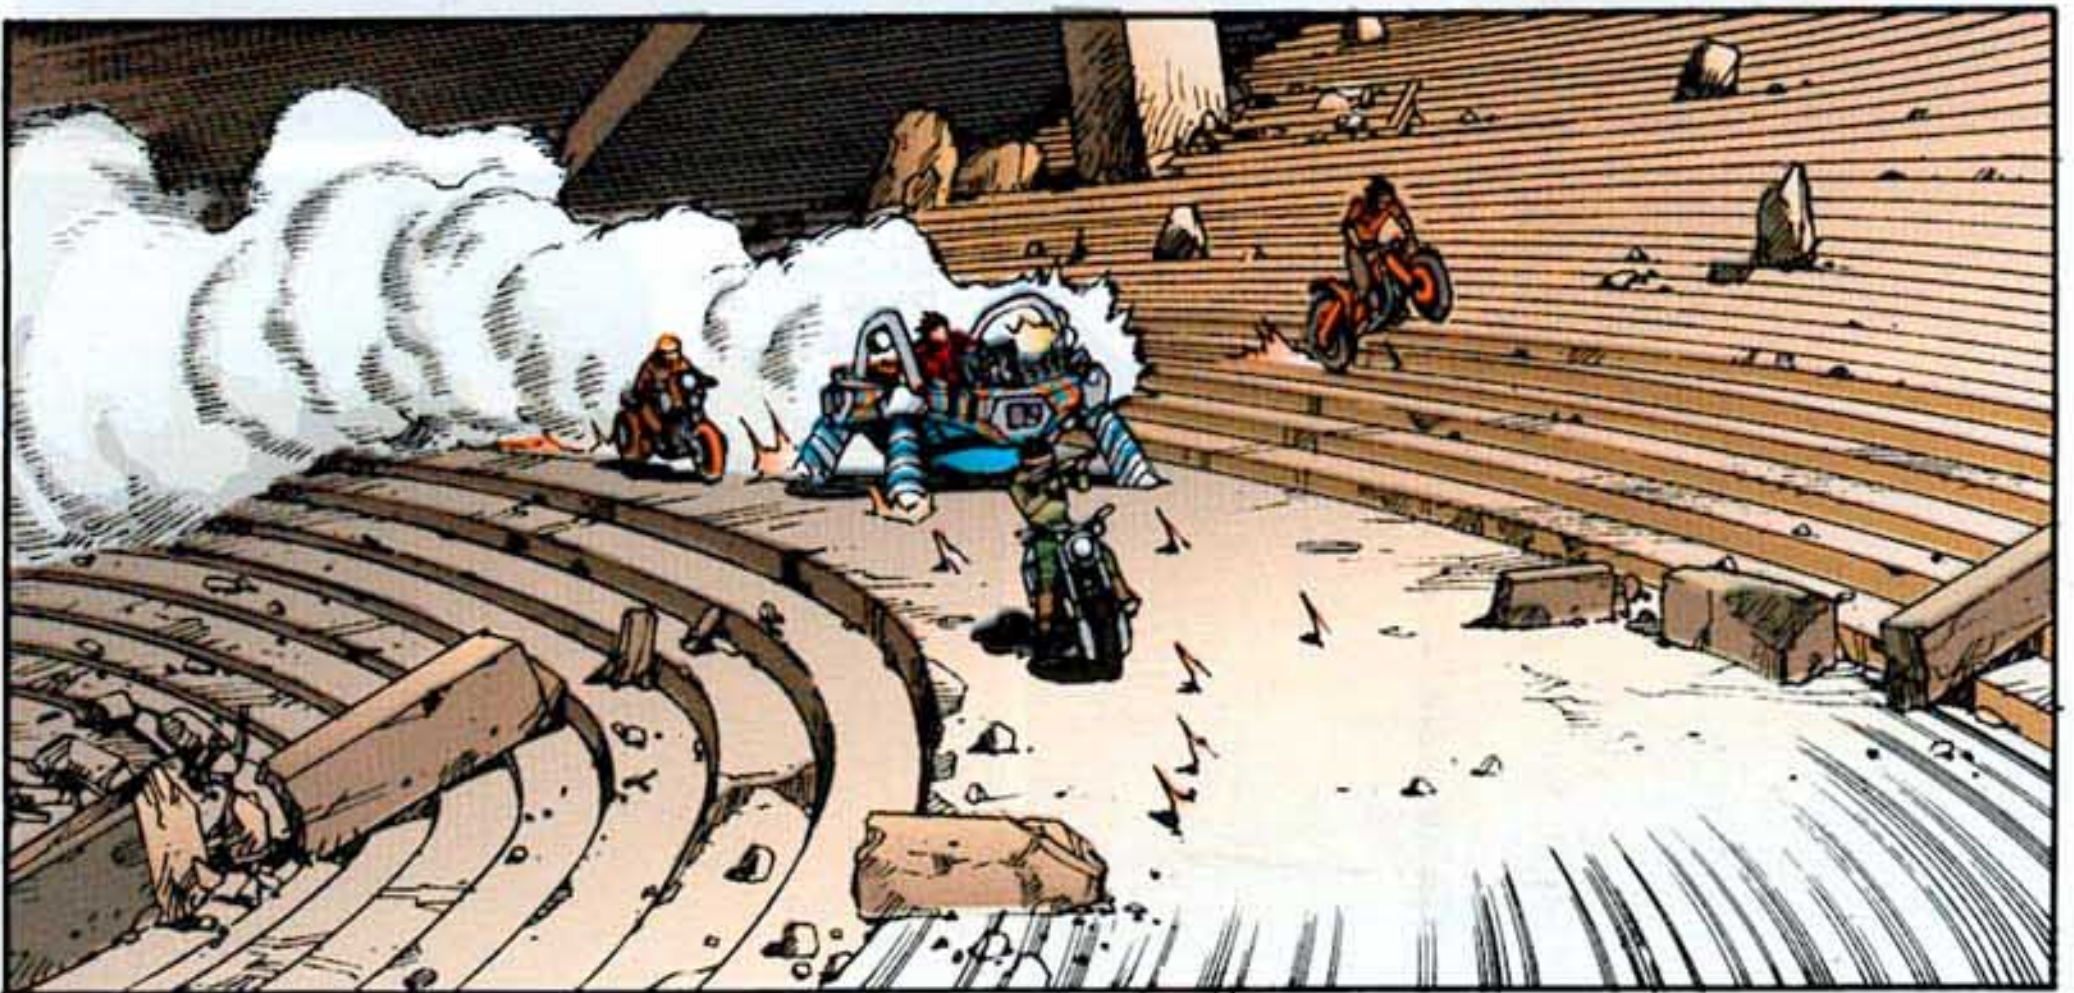

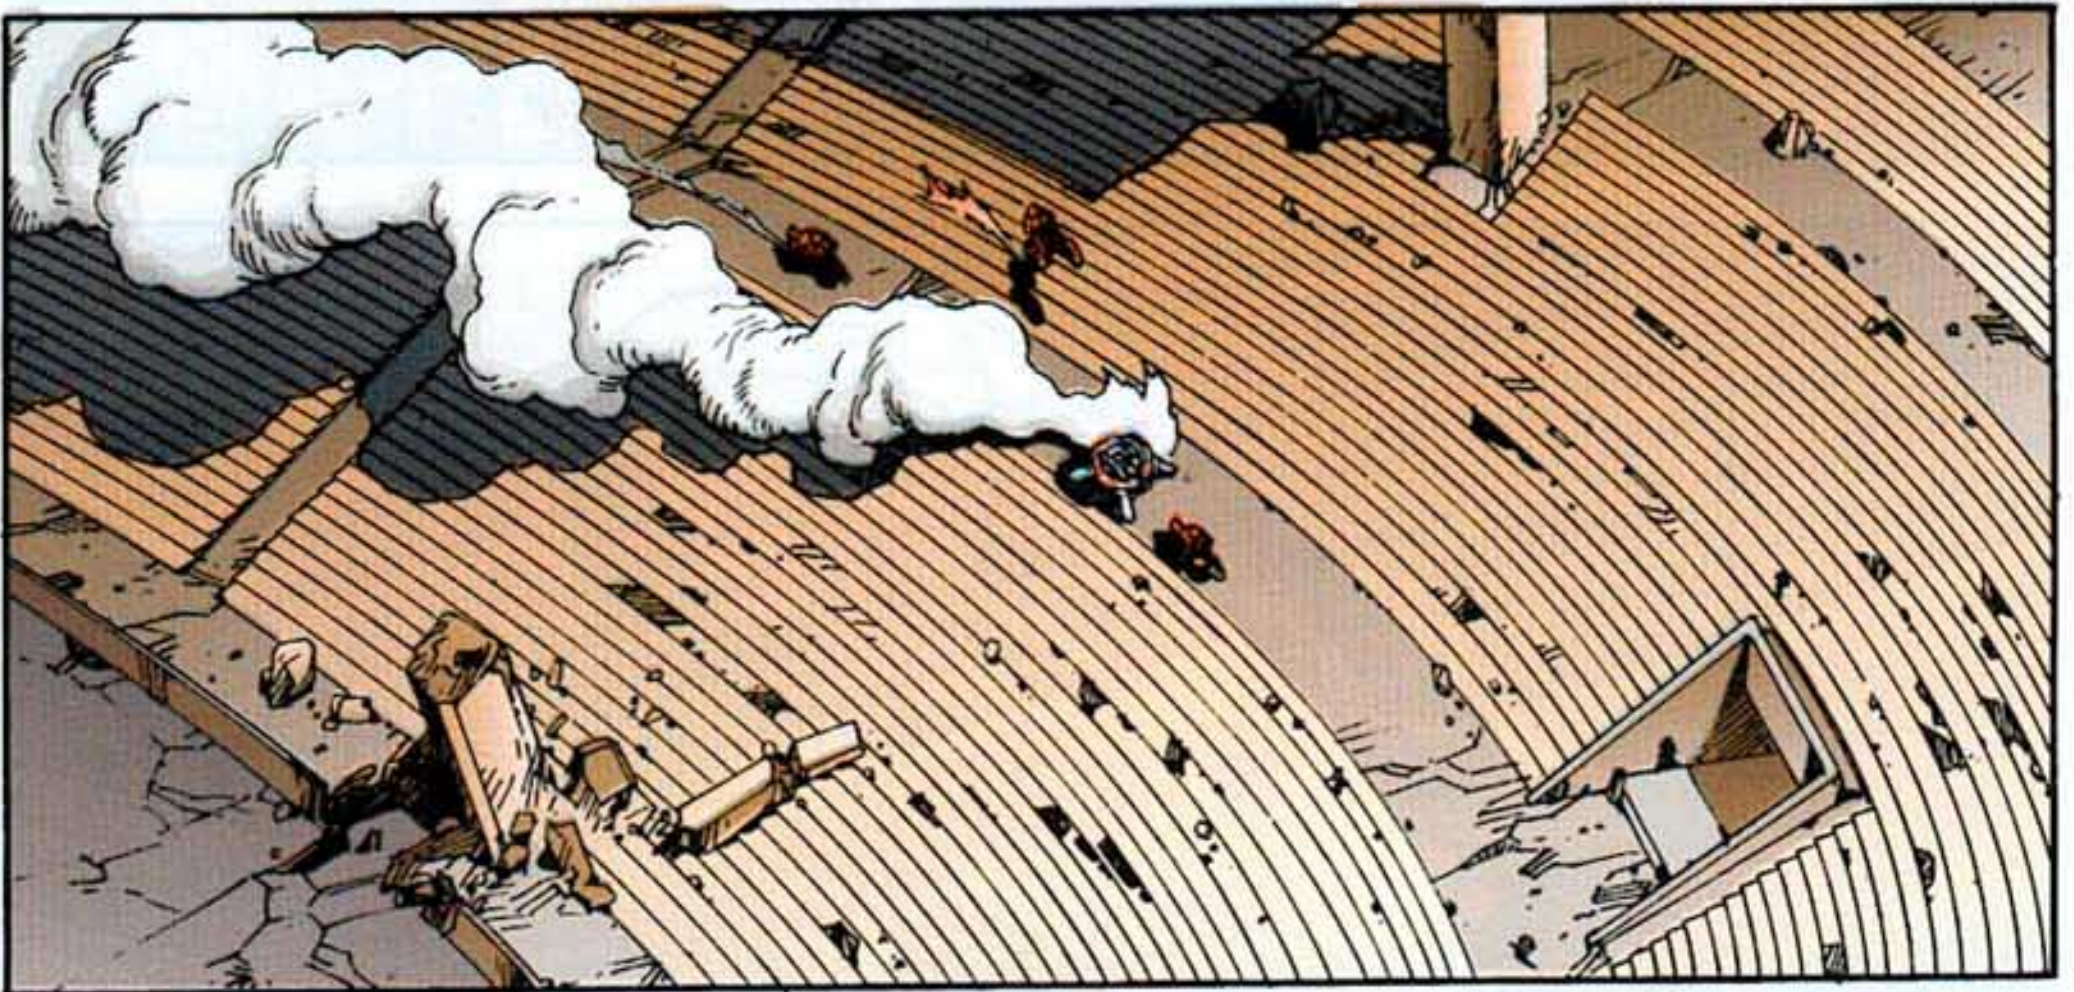

KARMA TANGI : Moine tibétain qui, avec plusieurs scientifiques, essaie d'analyser et d'interpréter les phénomènes engendrés par Akira et Tetsuo.

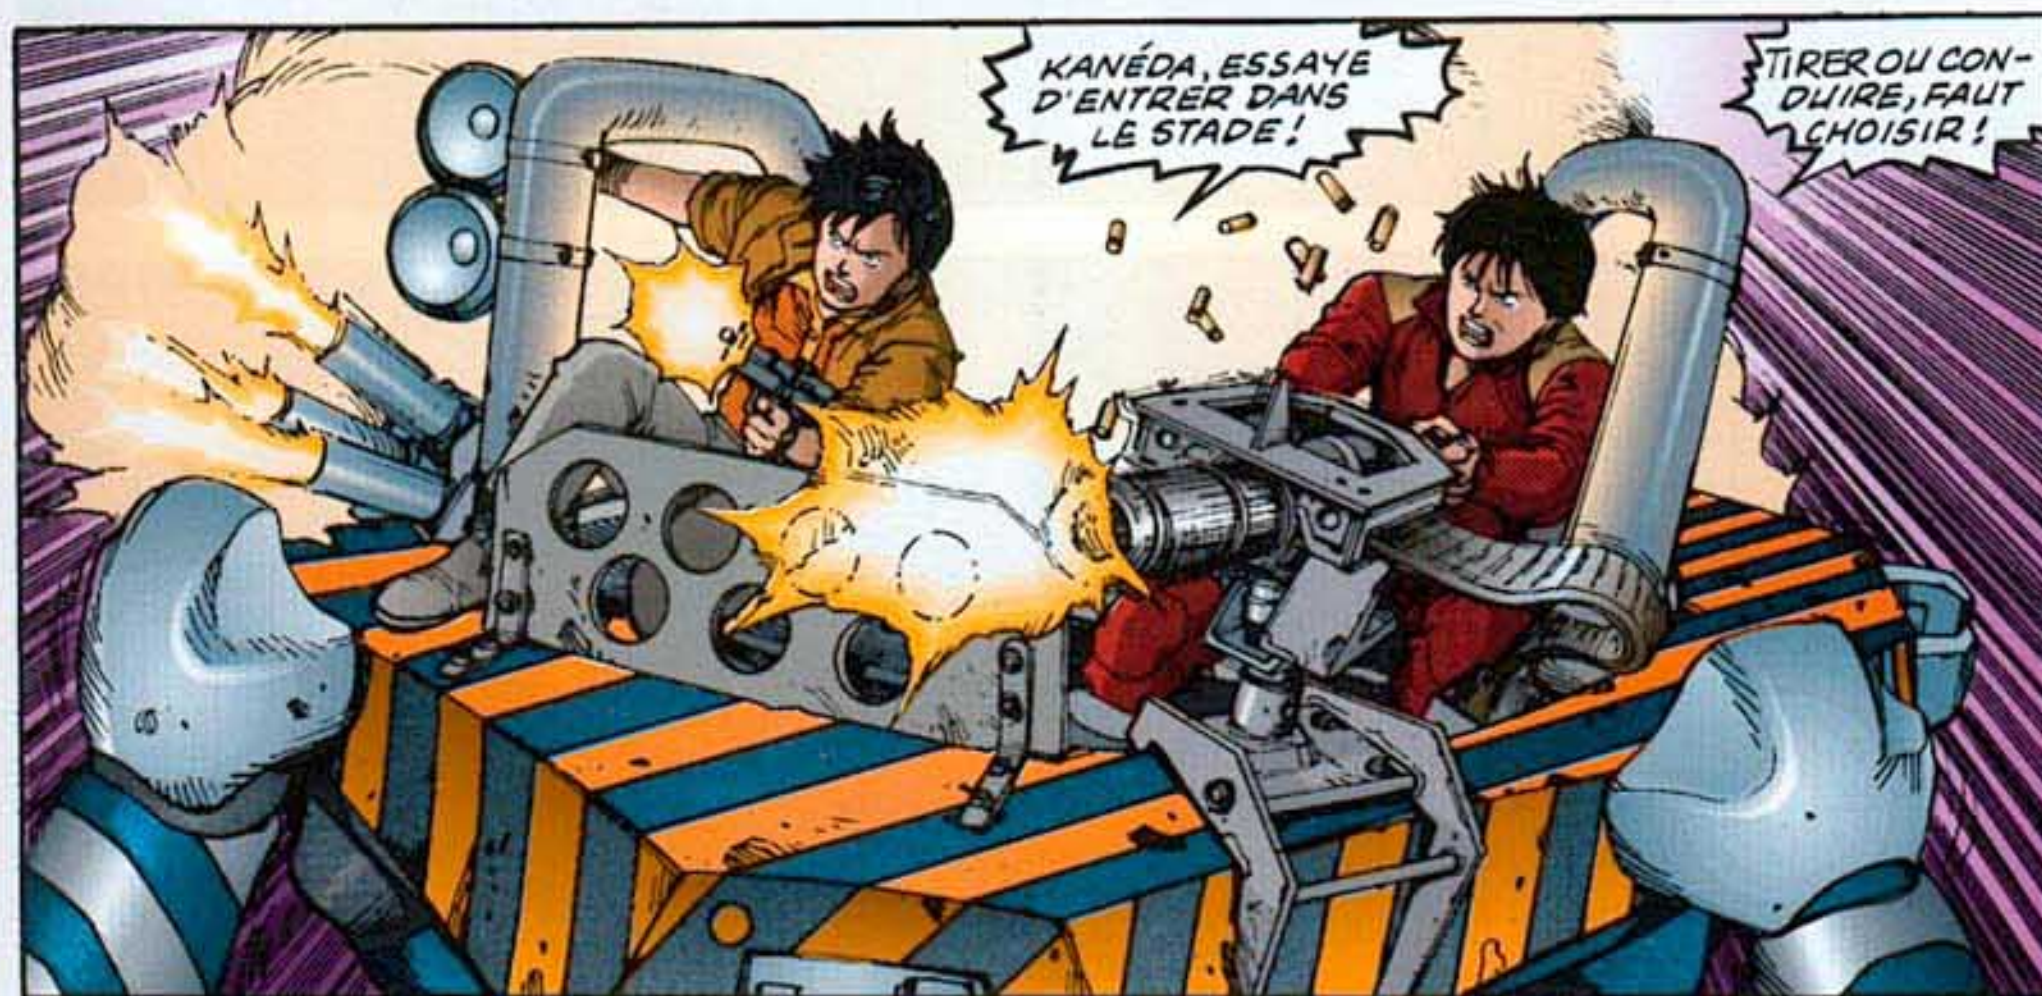

TETSUO : Il a pris le contrôle du porte-avions de la marine américaine où sont réunis le groupe de savants. Déployant l'étendu de ses pouvoirs, il nargue ses opposants.

KAY : Canalisant la puissance transmise par Lady Miyako, Kay se mesure à Tetsuo. Avant qu'elle ne se fasse tuer, elle se téléporte en lieu sûr.

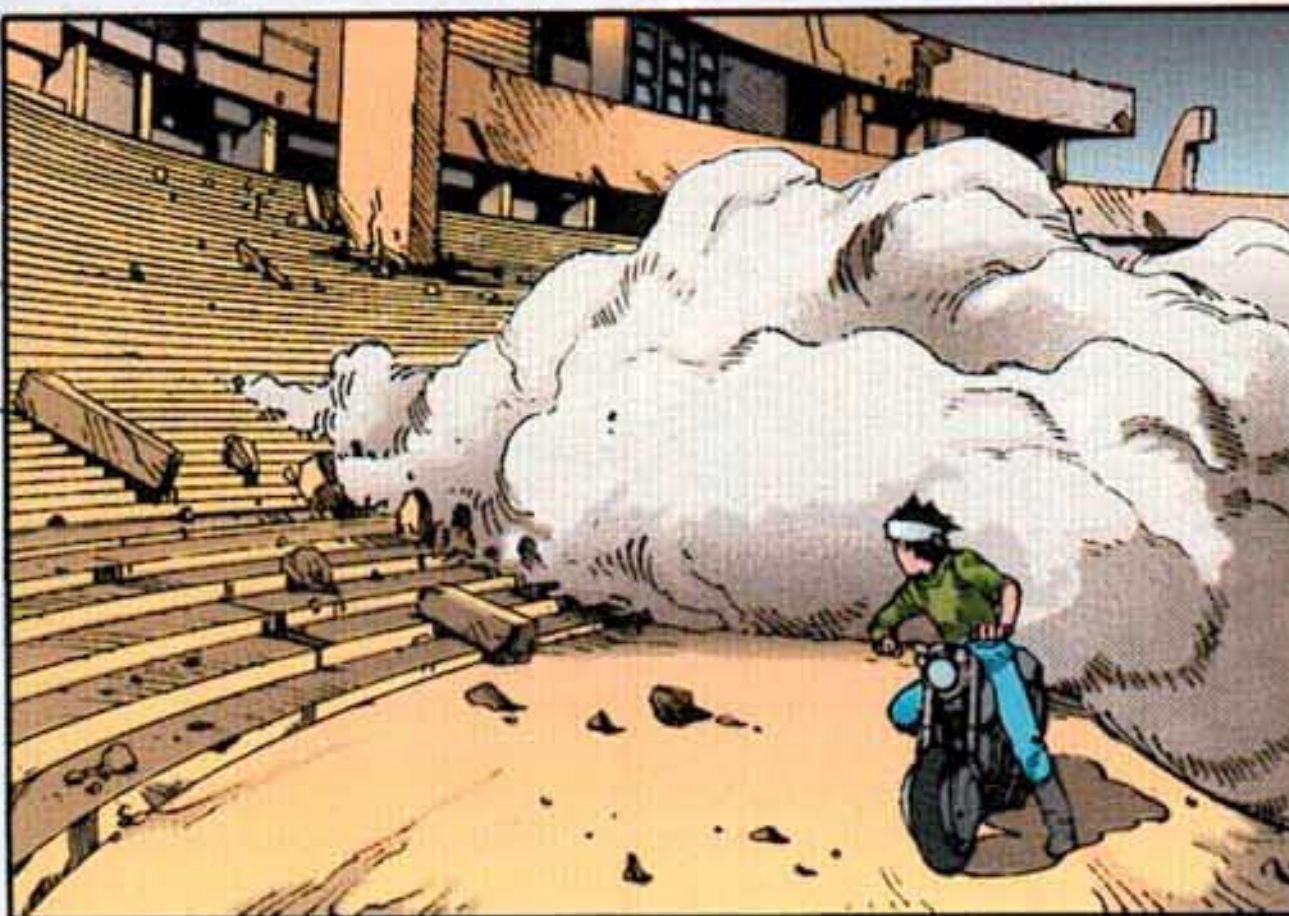

L'AMIRAL : Sous ses ordres : l'équipage du plus redoutable des porte-avions de l'armée U.S. Sous sa protection : des savants venus du monde entier. Face à lui : Tetsuo...
